Academic Background

- Currently pursuing 12th grade at **HİSAR High School**, Istanbul, with English as the primary language of instruction.
- Submitted AP 2D Art & Design Portfolio focused on historical moments impacting the world in 2023 during 11th grade (Submitted in April 2023).
- Enrolled in AP Drawing, AP English Literature, and AP European History courses since 2023.
- Studied French as a second language in high school from 2020 to 2023, supplemented by private lessons.

HİSAR High School

HİSAR High School stands as a beacon of academic excellence and rigor, renowned for its selective admissions process and commitment to nurturing exceptional talents. Admission to HİSAR is a testament to an individual's academic prowess and potential, as the school admits students solely through the highly competitive LGS Exam, with an acceptance rate of less than 5%, signifying the utmost selectivity in the region. This stringent selection process ensures that HİSAR maintains a diverse and intellectually vibrant student body, fostering an environment where students are challenged to excel and reach their fullest potential. The school's reputation for academic excellence and its rigorous curriculum set the stage for students like myself to thrive and pursue our passions with dedication and determination.
